- i. ensure that current charges are set and uplifted correctly.
- ii. ensure that fees and charges levied are collected effectively and efficiently.
- iii. explore and implement new charging opportunities.

17.2 The Town Council's Charging Policy identifies five key principles to be considered when reviewing or introducing new charges:

- i. charging decisions should be consistent with the Town Council's overall corporate policies, priorities and service objectives.
- ii. options for charging should be considered for all services when informed by a clear understanding of the full cost of providing the service, prevailing market rates and the risks associated with differing charging levels.
- iii. concessions should be targeted at groups assessed as being in need of a service and should take account of the ability to pay.
- iv. the efficient administration of charges are detailed in these Financial Regulations.
- v. charges and concession schemes should be reviewed on a regular basis to ensure that they are appropriate. There should be a fundamental review of charges every three years against the agreed Town Council's policies, priorities and service objectives. A review of charges and concession schemes should take place on an annual basis as part of the budget setting exercise.
- vi. The Town Clerk or Deputy Town Clerk in conjunction with the Chair and Vice Chair of Finance and General Purpose Committee together with the Leader, may exercise some discretion in the granting of concessions for room hire, in instances deemed to be of wider benefit to the township.
